Dear Wayne:

Wayne we want to thank you so much for the excellent work that was done on our basement. We are thoroughly satisfied with the outcome. We love it and use it all the time. Its doubled the living space in our house which is wonderful. It was a pleasure working with you and I appreciated your advice & honesty. I would also like to say how much we loved working with Joe. He was great in so many ways that it made this a practically pain free reno. We would recomend Joe and Walder McSweeney to anyone. (We already have as we have had many compliments on it so far.)

Thanks again Wayne for a job well done! See you on Queen.
